Voice and pillars

Head of DevOps & Cloud at Txxel. Kubestronaut. Building Pakistan's DevOps community, one cluster (and one career) at a time.

Build it

Kubernetes, multi-cloud, and infrastructure as code.

Lead it

Teams, career growth, and mentoring.

Call it

AI hype versus reality, trends, and certifications.

Represent it

Pakistan's tech scene, the Kubestronaut journey, and community.

Use it this way

Do

Use dark-first surfaces, keep generous clearspace, use the provided lockups, and keep unconfirmed links labeled to be announced.

Don't

Do not mix another brand palette, invent social handles, add trademark claims, use pure white, or turn amber/red/green into brand decoration.
