Brand Guidelines v1.0

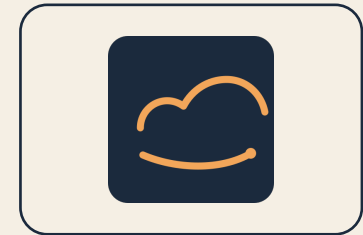

Logo system

A cloud drawn as a single relaxed continuous line with three connected bumps, resting on a low wide arc below it that doubles as a lounge chair or hammock, the arc ending in a small filled dot.

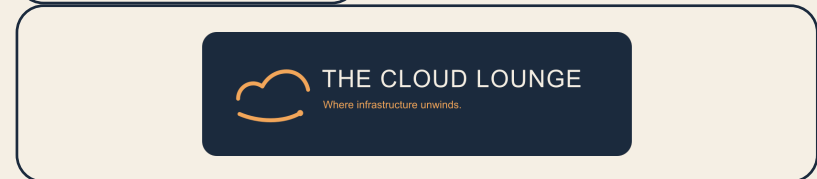

Clearspace equals 25% of mark height. Minimum sizes: 24 px / 10 mm icon and 120 px lockup.

The deep end

K8s, multi-cloud, IaC, and observability.

Off the clock

Career, leadership, and the human side of operations.

New arrivals

AI-native workflows and agentic engineering.

Use it this way

Do

Use dark-first surfaces, keep generous clearspace, use the provided lockups, and keep unconfirmed links labeled to be announced.

Don't

Do not mix another brand palette, invent social handles, add trademark claims, use pure white, or turn amber/red/green into brand decoration.
